

Welcome to

KOBIKA DANCE

Welcome to Kobika dance!

Kobika dance provides a positive and nurturing environment where students are encouraged to explore their love for dance. My aim is to create a space where everyone has the freedom to try new movement, step outside the box and reach their maximum potential. The classes are designed to encourage creative minds to fly, whilst implementing important technique and safe practice.

I personally grew up loving everything about performing and my classes aim to instill confidence in the students so they SHINE. I can't wait to share my passion for dance with all the amazing young minds that I cross paths with, and I have a fabulous team of teachers that are excited to get stuck in!

There is a class for everyone, whether you're interested in trying something new, participating for fun or looking to join our company teams, we hope you find the perfect fit. Please don't hesitate to ask if you have any questions, I'm more than happy to point you in the right direction.

I'm looking forward to a fabulous year, and wanted to say a big thank you for all of your continued support.

-Jeanne x

The Disraeli School (Back entrance)
The Pastures, High Wycombe HP13 5JS

AGE 7-12

JUNIOR PERFORMANCE COMPANY
12:30-1:30 SATURDAY 7TH SEPTEMBER

[CLICK HERE TO SIGN UP!](#)

Company positions are offered to students that show an exceptional level of passion towards dance. The company allows a safe place for students to explore their own creativity and choreography, as well as learning a range of dance styles. Each year the groups focus on a 'main piece' with a theme they've agreed as a group, this is always an exciting process. We love the students' input and we're always very proud of the end result. The company groups are provided with performance opportunities throughout the year, with many platforms being excited to see what routine we bring to their event.

If you can't make the audition just drop us an email!

THE CLASSES

STREET DANCE AND COMMERCIAL

These classes are all about positive energy, built to instill confidence in the students, it's a safe place to explore movement to fun and upbeat songs. We love seeing the students bring the energy and the fire. This class is routine based, learning a range of dances over each term.

Contemporary

This class allows the students to expand their knowledge of contemporary technique. Within this class we will cover floor work, corner work and center work. If you enjoy emotive dance this class is perfect for you as we will learn routines with a lyrical influence and lots of expression. This class is beneficial for building strength and control over the body.

Ballet

Ballet technique is such an important element to all genres of dance training. It's highly effective for building strength, alignment, extension and knowledge of the body. I highly recommend participating in a ballet class to elevate your progression within other styles. I have trained in RAD, ISTD and BBO syllabus, with this knowledge I will carefully design the sessions to suit the students needs in the best way.

Pre-School dance

This class is an interactive class suited to our youngest members of Kobika dance. This class is great for building communication skills, making friendships, learning rhythm, balance, coordination, teamwork and so much more! This class will include dancing, fun songs, mime and plenty of props. We hope this is the start of a love for dance for years to come.

Cheerleading

It's back! Introducing our Saturday cheerleading class. This class will cover all of the key elements: learn to tumble, stunt, jump and so much more. Within the class you'll learn and perfect the moves then have the opportunity to work them into routines with your fabulous coach. This class is all about teamwork and building relationships with friends of all ages.

Over 18's Dance fusion

I'm very excited to announce that our adult classes are back, welcoming anyone over the age of 18! This class is great for anyone that has a history of dance or cheer and would love to dip their toes back in. Maybe you've wanted to take classes in London but find it daunting, not to mention the expense of traveling. This is the perfect opportunity to take class in a fun, pressure free environment where everyone is welcome. We will focus on routines week to week, to keep your love of dance going. We all remember the importance of our team mates growing up and I hope this provides the social environment that everyone misses. This fusion class will be focused around jazz and commercial dance styles, but we are always open to suggestions!
